

Apply online for reimbursement of your travel expenses

PATIENT TRAVEL COVERS TRAVEL TO AND FROM PUBLICLY APPROVED MEDICAL TREATMENT

If you travel to and from publicly approved medical treatment, you may be entitled to reimbursement for your travel expenses.

You can apply after you have attended your treatment.

APPLY ONLINE

Visit helsenorge.no to apply for reimbursement of your travel expenses. At helsenorge.no, there is information about which journeys can be registered online.

The paper application form is available from your treatment location or at helsenorge.no.

Remember to apply within six months of travel taking place.

NEW RULES FOR PATIENT TRAVEL

As of 1 October 2016, the main rule is that your travel will be covered at a standard rate per kilometre, regardless of mode of transport. The journey must be greater than ten kilometres in each direction.

For journeys of more than 300 kilometres, the equivalent cost of the cheapest mode of public transport for the journey will be covered instead of a standard rate per kilometre.

It is not necessary to include confirmation of attendance from your medical practitioner when applying.

DO YOU NEED ADAPTED TRANSPORT?

If there are health reasons for why you need adapted transport, this must be ordered by your medical practitioner.

If there is no scheduled transport on the route you will be travelling, you may contact your local patient travel office.
